

**Ocella**  
INSPIRE MORE

## High-Performance Stretchable Batteries

- Inexpensive screen printing
- 100% stretchability
- Safe, rechargeable chemistry
- Twice the capacity compared to any thin, rechargeable battery

**Novel, patented ink formulation can be adapted to any battery chemistry and inexpensively, screen printed directly on to any substrate to empower next-generation technologies**

- E-Textiles
- Wearable/Medical
- Internet of Things
- Robotics/UAVs
- In-Mold Electronics
